

1. TITLE OF THE CERTIFICATE (CZ)<sup>(1)</sup>

# Výuční list z oboru vzdělání: 23-51-E/01 Strojírenské práce (denní studium)

<sup>(1)</sup> In the original language

2. TRANSLATED TITLE OF THE CERTIFICATE<sup>(2)</sup>

# Apprenticeship Certificate in: 23-51-E/01 Engineering Work (full-time study)

(2) This translation has no legal status.

# 3. PROFILE OF SKILLS AND COMPETENCES

General competences:

- communicate independently and fluently in mother tongue, give reason for his own attitude;
- seek out essential information from the text and other sources;
- understand the task and solve simple problems, find the information necessary for the solution;
- work or learn under supervision with certain autonomy, apply basic rules and procedures;
- · cooperate with others when solving simple problems and situations;
- apply basic mathematic skills to solve simple tasks;
- work with a personal computer and its basic and application software;
- apply principles of safety and health protection at work, fire protection and fire prevention;
- act in an environmentally-conscious manner and in compliance with strategies for sustainability;
- have a basic knowledge of career opportunities in the labor market and of the job search process.

### Vocational competences:

- · work with engineering materials;
- work with the technical documentation;
- work with a personal computer and other means of information and communication technologies.
- Vocational competences specific for metal working:
- perform simple technological operations according to the technical documentation, eventually according to the fitter's instruction;
- set the technological conditions of machines according to the technological documentation or fitter's instructions;
- perform routine operations of manual processing of metals;
- manipulate the workpieces and clamp them into standard and special fasteners and instruments;
- perform regular maintenance and inspection of machinery and equipment on defined schedule.

- Vocational competences specific for assembly working:
  work according to established workflows or according to the instructions or supervisory staff;
  perform routine work operations of the assemblage of the product, its repair and maintenance with power hand tools, machines and equipments;
- keep basic records and paperwork associated with the repair and service activities;
- perform regular maintenance and inspection of machinery and equipment on defined schedule.
- manufacture steel structures and its parts;
- assemble and dismantle steel structures and its parts.

# 4. RANGE OF OCCUPATIONS ACCESSIBLE TO THE HOLDER OF THE CERTIFICATE

The graduate is employed to perform routine installation and servicing works on engineering products, to work in the construction or to operate adjusted conventional machine tools for metals. Examples of possible jobs: engineering worker.

5. OFFICIAL BASIS OF THE CERTIFICATE		
Name and status of the body awarding the certificate Střední odborné učiliště, Lišov, tř. 5. května 3 tř. 5. května 3 Lišov 373 72 CZ public school	Name and status of the national/regional authority providing accreditation/recognition of the certificate Ministry of Education, Youth and Sports Karmelitská 7 118 12 Praha 1 Czech Republic
